AUGUST LEGACY series

It started with a Christmas gift - not something destined for a donation bin, but something meant to last. My uncle planted the seed: give your boys a legacy. The smell of wood shavings and leather pulled me back to my grandfather Gus' workshop, and everything became clear. These knives are that memory, made tangible. A lifelong friend once told me: *"Character is the only thing we truly own, and therefore our responsibility to develop it."*

Teaching my sons that truth - watching boys become men guided by unrelenting values - taught me to trust instinct, embrace mistakes as a teacher, and never waver on what matters. As a tribute to my Grandpa Gus, the August Legacy Series is that conviction, forged in steel. High-quality, heat-treated, built to outlast us all - and pass something worthy down.

ARTEMIS series

In the shadows of an Austin backyard, a mother Bobcat raised her two young — unseen, unhurried, sovereign. We watched, and we were changed. The Artemis series was born from those fleeting moments captured on a game camera: creamy fur, distinctive markings, each animal a singular expression of nature's craft. Like every knife in this collection, no two are alike. Form serves function. Beauty serves purpose. Artemis is more than a blade. It is a symbol. The Bobcat teaches balance — the clarity to find light in dim places, the wisdom to protect what matters most. It is a reminder that no darkness is absolute, that family is worth defending, and that the wild beauty surrounding us speaks, if only we slow down enough to listen. These knives are for those who do.

FAITH over the FALL series

This series speaks to the redemptive arc of Christian theology. The idea that while humanity was broken and separated from God through the original sin of Adam and Eve in the Garden of Eden ('The Fall'), that spiritual ruin is not the final word. 'Faith', specifically faith in Jesus Christ as Lord and Savior, is the divine remedy that lifts believers *above* the consequences of the Fall. Where the Fall brought sin, death, and separation from God into the human story, Faith restores the relationship that was lost, offering grace, forgiveness, and eternal life in its place. In this sense, "Faith over the Fall" is a declaration of **hope** and **triumph**. It is, at its core, a battle call within to choose Trust in God's saving power over Despair in humanity's fallen condition.
